

SEND Information Report:

School Offer

“Excellence with compassion”

Our vision

To provide an excellent learning environment, which promotes achievement in every area, and nurtures the social, emotional and spiritual well-being of the whole school community.

SEND Statement – St Mary’s Bryanston Square

At St Mary’s we want to make sure that every child gets the best support we can offer in order to help them to enjoy their learning, feel confident and happy amongst their friends and make the best possible progress.

Every child has individual needs that will affect their learning. Sometimes children need special support to give them an extra boost or to help them catch up with other children of the same age. They may need this support for a short time or a longer period, but during this time they will be part of our Special Educational Needs (SEND) Register and we will keep a close eye on their progress, look carefully at what special support they need and keep in close touch with their parents.

What is the Local Offer?

The Children and Families Bill Act 2014 requires Local Authorities (LA) and schools to publish and keep under review information about services they expect to be available for children and young people with special educational needs (SEN) aged 0-25. This is the ‘SEND Information Report’.

The purpose of the Local Offer or ‘SEND Information Report’ is to enable parents and young people to find out more easily the services that are available in their area and how to access them. It will include provision from birth to 25, across education, health, social care and the voluntary sector.

For **Children and Young People** between 0-25 years with Special Educational Needs & Disabilities (SEND) Westminster City LA have put together information to help you find out about all the services that exist in your local area. This is the LA SEN Information Report which can be found at www.westminster.gov.uk/local-offer

St Mary's Local Offer

This utilises the LA SEN Information Report to meet the needs of SEND pupils as determined by our SEND policy and the provision that St Mary's is able to provide. Our Local Offer is outlined below and is in the form of questions and answers.

Your child has Special Educational Needs. What can we at St Mary's Bryanston Square offer you?

Please click on the **questions** below for more information about the Local Offer from St Mary's and how we can support your child.

School Offer for SEND – Parents/Carer's Questions and answers

1	Who are the best people to talk to at St Mary's Bryanston Square School about my child's difficulties with learning, special educational needs or disability?	
2	How will the school let me know if they have any concerns about my child's learning, special educational need or disability?	
3	How will the school consider my views and those of my child with regard to her/his difficulties with learning, special educational need or disability?	
4	How does St Mary's School ensure the teaching staff are appropriately trained to support my child's special educational needs and/or disability?	
5	How will the curriculum and the school environment be matched to my child's needs?	
6	What types of support may be suitable and available for my child?	
7	How will you support my child to reach his/her learning goals?	
8	What is an EHC Plan and who can request one for one for my child?	
9	How will you help me to support my child's learning?	
10	How is support allocated to children and how do they move between the different levels of support in school?	
11	How will the school know that the support has made a difference to my child's learning and how can I and my child be included in this review process?	
12	What support will there be for my child's happiness and well being at St Mary's School?	
13	How is my child included in all the same activities as his/her peers at school?	
14	How will St Mary's School support my child in transition stages?	

15	Who can I contact if I have a complaint about the SEN provision made for my child?	
16	If I have any other questions about my child at St Mary's School, who can I ask?	

1. Who are the best people to talk to at St Mary's School about my child's difficulties with learning, special educational needs or disability?

- Talk to your child's class teacher about your concerns
- It is likely that the class teacher will have discussed your concerns with the school SENCo or Learning Mentor. You may wish to arrange a meeting with the SENCo or Learning Mentor.
- If you continue to have concerns arrange to discuss these with SENCo, Learning Mentor or Head Teacher.

2. How will the school let me know if they have any concerns about my child's learning, special educational needs or disability?

- Your child's class teacher may initially speak to you at the beginning or the end of a normal school day and arrange a further time to discuss the concerns.
- The class teacher may also talk to you about any issues at a Parents Evening, which is held twice a year.
- The SENCo or Learning Mentor may contact you and arrange a meeting to discuss your child's difficulties with learning and any possible support strategies the school might be considering.

3. How will the school consider my views and those of my child with regard to her/his difficulties with learning, special educational needs or disabilities?

- At St Mary's School we believe it is very important for parents/carers to be involved in all areas of their child's learning and we actively encourage discussions. We believe, where appropriate, that it is essential to understand your child's views on any difficulties they may experience with their learning.
- You will be able to share your views and discuss your child's progress at regular meetings (Parents Evening) with the class teacher and others.
- If your child has an identified special educational need you will be invited to a regular meeting with the class teacher and SENCo to discuss current progress, support strategies being used and expected outcomes.
- If your child has a *Statement* of special educational need or an *Education, Health and Care plan* (EHCP) you and your child will be able to share your views at the Annual Review.

4. How does St Mary's School ensure the teaching staff are appropriately trained to support my child's special educational needs and/or disability?

- At St Mary's School we believe that your child's learning needs will first be met through the high quality teaching delivered by her/his class teacher.
- We regularly review the school training schedule and professional development for all teaching and support staff to ensure there is the appropriate expertise to support children with special educational needs.
- The school is able to access training programmes from different organisations including the Tri-Borough Training and Outreach team based at QE2 School.
- Individual training can also be arranged when necessary.

5. How will the curriculum and the school environment be matched to my child's needs?

- At St Mary's School we believe that your child's learning needs will first be met through the high quality teaching delivered by her/his class teacher.
- We carefully plan our curriculum to match the age, ability and needs of all children.
- The class teacher will adapt lesson planning and teaching to match your child's special educational needs and/or disability.
- It may be appropriate to adopt different strategies or resources and adapt outcomes to meet your child's learning needs.
- Additional specialist advice is sought when appropriate and, when necessary, accessibility aids and technology may be used to support your child's learning.
- St Mary's School regularly reviews its Accessibility Plan to ensure that all children have the fullest access to the curriculum and the school site as possible.

6. What types of support may be suitable and available for my child?

This really depends upon the nature of your child's needs and difficulties with learning. But our education provisions will match the needs of the four broad areas of need as defined in the SEN Code of Practice 2014;

- **Communication and interaction**
 - **Cognition and Learning**
 - **Social, emotional and mental health**
 - **Sensory and/or physical needs**
 - At St Mary's School we have a 3 tiered approach to supporting a child's learning:
 - Universal** – this is the quality first teaching your child will receive from her/his class teacher and may include some very minor adaptations to match learning needs.
 - Targeted** - it may be appropriate to consider making additional short term special educational provision to remove or reduce any obstacles to your child's learning. This takes the form of a graduated four part approach of a) **assessing** your child's needs, b) **planning** the most effective and appropriate intervention, c) **providing** this intervention and d) **reviewing** the impact on your child's progress towards individual learning outcomes.
 - Specific targeted one to one or small group interventions may be run outside the classroom. These will be limited to a number of weeks to minimise disruption to the regular curriculum. You will be kept informed of your child's progress towards learning outcomes.
 - Specialist** – it may be necessary to seek specialist advice and regular long term support from a specialist professional outside the school in order to plan for the best possible learning outcomes for your child. This may include, for example, educational psychology, speech and language therapy, occupational therapy, sensory advisory teachers, the child development service, a specialist teacher, a family support specialist, the school nurse or education welfare officer. The school may need to prioritise referrals to these services. However, for a very small number of pupils, access to these specialists may be through a Statement of SEN or an EHC Plan.
- The current interventions provided at St Mary's are listed in our SEND Provision Map below.

7. How will you support my child to reach his/her learning outcomes?

- The class teacher and other staff working with your child ensure that your child receives appropriate teaching and support in order to reach these goals. The learning plan, strategies and progress will be reviewed each term.
- External agencies and specialists may also review your child's progress and adapt their planning accordingly.

8. What is an EHC Plan and who can request one for one for my child?

The purpose of an EHC Plan is to make special education provision to meet the special educational needs of a child or young person, to secure improved outcomes for him/her across education, health and social care and, as he/she gets older, prepare for adulthood. An EHC Plan will contain:

- the views and aspirations of you and your child
- a full description of his/her special educational needs and any health and social care needs
- establish outcomes for your child's progress
- specify the provision required and how education, health and social care will work together to meet your child's needs and support the achievement of the agreed outcomes

You, your child (where appropriate and aged 16 and over) and/or the school, usually the SENCo or Head Teacher, can request that the local authority conduct an assessment of your child's needs. This may lead to an EHC Plan.

9. How will you help me to support my child's learning?

- The school may suggest strategies or activities for you to do at home to support your child's learning.
- We sometimes run parent/carer workshops in school to help you understand the strategies used in school. In addition, we may be able to offer you individual training in specific support strategies relevant to your child.
- The SENCo may also support you with strategies, resources and ideas for supporting your child's learning at home.
- You will have an opportunity to meet with other professionals involved in supporting your child.

10. How is support allocated to children and how do they move between the different levels of support in school?

- St Mary's School receives funding from the local authority. These funds include money to support the learning of children with SEN and/or disabilities.
- The Head Teacher, in consultation with the School Governing Body, decides the budget for SEND provision on the basis of the needs of the children in the school.
- The Head teacher and the SENCo discuss the effectiveness of the school's current interventions and provision and prioritise an action plan, which may include additional or alternative interventions, staff training and equipment needs.
- This process is reviewed regularly to ensure the best possible intervention is provided to those children who require additional support to learn.

11. How will the school know that the support has made a difference to my child's learning and how can I and my child be included in this review process?

- Your child's progress will be assessed both in terms of his/her regular learning within the class and with regard to specific intervention programmes.
- The impact of the support given is carefully measured to ensure that the learning outcomes have been achieved and if not, what adaptations are necessary. It may be decided that a further period of support would be beneficial for your child.
- You and your child will be kept informed and encouraged to be actively involved at all stages of this support.

11. What support will there be for my child's happiness and well-being at St Mary's school?

- At St Mary's School we believe that the happiness and well being of all our pupils is paramount. All members of staff take this aspect of school life very seriously.
- You can be confident that in particular your child's class teacher, the teaching assistants, Learning Mentor and the SENCo are available to provide support to match your child's needs.
- You should also feel free to contact your child's class teacher if you have any concerns.

13. How is my child included in all the same activities as his/her peers at school?

- St Mary's School is an inclusive school and committed to providing equal opportunities for all children.
- School clubs, educational visits and residential trips are available to all children.
- When necessary the school will make reasonable adjustments to ensure that children with SEN and/or disabilities are included in all activities.
- You should also feel free to contact your child's class teacher if you have any concerns.

14. How will St Mary's School support my child in transition stages?

- We liaise closely with the school or nursery that your child is transferring from. We are able to discuss with the relevant teachers any individual needs and how best to support your child in school.
- While at St Mary's School we take care to ensure that during transition points (between classes each year and at the end of Key Stages) all staff are aware of individual pupils' needs, learning progress and best support strategies.
- St Mary's School makes arrangements to ensure there is a smooth transition when your child transfers to his/her secondary school of choice.
- If your child has an EHC Plan, we will participate and/or facilitate its review in sufficient time prior to him/her moving between key phases of education. You will be kept informed of these arrangements and asked to attend the reviews.

15. Who can I contact if I have a complaint about the SEN provision made for my child?

- Initially speak with your child's teacher and/or the SENCo. Hopefully they will be able to address your concerns.
- You can then contact the Head teacher, who can direct you to the school's Complaints Policy and procedure.

16. If I have any other questions about my child at St Mary's School, who can I ask?

At St Mary's School we are very happy to speak to you about any aspects of your child's education. It is best to speak to one of the following in this order:

- The class teacher
- The SENCo/Learning Mentor
- Senior Management Team
- The Head Teacher

Parents' guide to St Mary's School Interventions.

St Mary's Bryanston Square School SEND Provision Map 2017-2018

The following provision is available to support pupils with SEND. This support is additional to and different from day to day classroom practice.

Area of Need and Intervention or provision	EYFS/Y ears	Approximate frequency & duration	Anticipated progress range	Staff TEACHER/ TEACHING ASSISITANT/ LEARNING SUPPORT ASSISTANT.	Staff/ pupil ratio	
Cognition and learning.						
FIVE MINUTE BOX	F2-Y2	10 MINS X 5 A WEEK for 10 WEEKS.	LETTER/SOUND/WORD KNOWLEDGE/RECOGNITION- SCORED AT START AND FINISH.	TA/LSA	1 :1	
ADDITIONAL GUIDED READ	ALL	15 MINS X 1 A WEEK for 10 WEEKS.	READING- PROGRESS TO NEXT BENCHMARK LEVEL.	T/TA/LSA	SMALL GROUP	
ADDITIONAL INDIVIDUAL READ	ALL	10 MINS X 1 A WEEK for 10 WEEKS	READING PROGRESS TO NEXT BENCHMARK LEVEL.	T/TA/LSA	1:1
