

# St Mary's Identity and Vision 2015

## Vision

Last term, we asked pupils, parents and staff what they particularly liked about St Mary's, and how they would like it to be in the future. The most popular words used about how the school is **now** were: 'safe', 'friendly', 'caring'.

For the **future**, everyone wants the school to continue to be safe, friendly and caring, but also 'academic' and 'excellent'. The Governors looked at everyone's feedback, and had lots of meetings to work out what our 'vision' for St Mary's should be. We came up with:

## Excellence with Compassion

This means that our aim is:

*"To provide an excellent learning environment, which promotes achievement in every area, and nurtures the social, emotional and spiritual well-being of the whole school community."*

*We hope you agree, and will help us achieve this.*

## Logo

We also asked which of the school's two logos they would prefer to represent the school. Over 80% said they'd like a version of the logo showing St Mary's church. We have redesigned this logo to make it smarter and more modern—we hope you like it! We will be using the logo on school uniform, letters, the school website, and on new signs around our school.
