Year 3 at the Roald Dahl Museum

Year 3 visited the Roald Dahl Museum in Great Missenden. They tried out all sorts of imaginative activities and had a fantastic day!

Year 5: WW2 Evacuation Day

On Tuesday, year 5 had a WW2 evacuee day, as part of their WW2 history topic. A wonderful effort was made with their costumes, including making authentic-looking gas masks and name tags. The children enjoyed diving into their Morrison shelters, to protect themselves from impending air raids (carefully, of course), thinking about what they would take with them to their new home, learning all about WW2 aircraft and finding out about the types of games children would have played. The children also considered how children being evacuated in WW2 would feel compared to refugees who are leaving their homes at the moment.

Year 6 at Oxford University

On Monday, Year 6 went to Oxford for the day, to find out what life is like at Oxford University. They visited Wadham college, where they met a range of students and had a tour of the college. They also did a tour (in the wind and rain!) of the city, looking at the history of Oxford and famous people who studied there.

Why not ask one of our Year 6s what they enjoyed most about the trip?!

Parents' Coffee Morning

Coffee Morning- Wednesday morning 9 am. Come and hear about '**FLIP**'- an amazing agency for families offering courses and clubs for families in our local area. This is our last Coffee Morning of the term, so we look forward to seeing you there!

Holidays are coming...

"What can we do to keep the kids occupied?"

Mrs Leith recommends: **Families First** is a free online monthly magazine packed with free and low cost events and activities, money saving offers and other helpful local information. Register at <http://www.westminster.gov.uk/children-first-magazine>

This week, we have been learning about 'hope' as we lit our first Advent Candle. What are you hoping for?

All best wishes,
Emily Norman—Headteacher
