Y2 'Endangered Animals' Project

Over the last couple of weeks, Year 2 have been learning about endangered animals. Last week, they presented some really interesting facts to us about different animals in their assembly (complete with animal hats!) and this week they visited London Zoo to find out more. Having found out about the plight of different wild animals, they have been writing to me to ask if the whole school can again support the WWF 'Wear it Wild' day on Friday 26th May. I have decided, as a result of their wonderful letters, that we WILL have a special dress up day on 26th May, where children can dress up as a wild animal and bring in a £1 donation for the WWF (World Wildlife Fund). Here they are at the zoo, exploring different animals:
